Candidates for the ASC Executive Board

Mary K. Sidawy, M.D.
Chair, Nominating Committee

The ASC Nominating Committee has selected an outstanding group of nominees for the ASC Executive Board positions for the coming year. The ASC Executive Board has approved the slate of candidates, and complete biographical sketches will be emailed to ASC voting members on August 17, 2009. The online Executive Board ballot will open on August 24, 2009 and close September 25, 2009. All voting members will receive notice when the online voting ballots are available.

Every attempt has been made to provide a balanced representation of the ASC Membership. The ASC Bylaws provide the opportunity for additional nominees to be proposed through a petition process. In order for an eligible member of the Society to appear on the ballot of candidates for Executive Board positions, certain criteria must be met: the potential candidate must be a member in good standing, at least 5% of the voting membership must sign the petition, and the petition must be returned to the ASC National Office no later than August 1, 2009. Please contact the National Office for more information.

The results of the election will be announced at the ASC Business Meeting, November 15, 2009, at the 57th Annual Scientific Meeting in Denver, Colorado.
