Bienvenue!

Paris will host the 18th International Congress of Cytology, which will convene at the Palais des Congrès, from 26 to 30 May 2013.

Organised by the French Society of Clinical Cytology (SFCC) on behalf of the International Academy of Cytology (IAC), ICC PARIS 2013 will gather cytopathologists, pathologists, cytotechnologists as well as physicians, biologists and scientists, who will exchange their professional experiences and their most recent results in the field of cytopathology.

The diversity and interactivity of the scientific sessions, the facilities of the Palais des Congrès and all Paris has to offer, make up a wonderful combination for bridging people from the international community.

Can you afford not to be there and miss this great opportunity to share and learn with experts and colleagues from worldwide and to enjoy springtime days in the beautiful French capital?

Preliminary program, call for abstracts and registration will be launched in autumn 2012.

Local Organizing Committee

Philippe VIENH – Institut de Cancérologie Gustave Roussy (Villejuif, France) – Congress President
